

PURELY GREEN™

FOR PROFESSIONAL USE ONLY

Purely Green is a specialty fertilizer formulated for use on lawns or professional turf. Use when a positive greening response is desired – without overloading nitrogen in an established granular fertility program.

5-0-0

Net Contents:

Total Nitrogen (N).....5 %

Total Phosphorus.....0%
Available as P₂O₅

Total Potassium.....0%
Available as K₂O

STORAGE AND HANDLING:

Store at room temperature, out of direct sunlight and not accessible to children or pets.

ALWAYS SHAKE, STIR OR AGITATE BEFORE USE:

Always add this product last to a spray tank containing the required amount of water for the treatment area.

DIRECTIONS FOR USE: Apply 160 mL of Purely Green fertilizer (5-0-0) per 100m² of turf. Make applications when turf is actively growing. When tank-mixing with other lawn care inputs, ensure the tank mix partner is fully in solution, and then add Purely Green to the tank last. Make subsequent applications with a minimum of 3 weeks between applications, making no more than 4 applications per season.
